Foreword

As we prepare to leave this school for the final time as students, most of us are unwilling to admit that we will miss it. But as we go our separate ways, we will begin to realize what these past six years have meant to us. We shall remember the "big events" in our lives that happened here. But school isn't a series of "big events"; it is made up of mainly small every-day occurances. The intention of this yearbook is to rekindle the memories of those minor happenings, as well as the major ones.

We, the Grail Staff hope that our yearbook achieves its purpose of bringing back memories, and that you spend many pleasant hours leafing through it in your future years.

Mr. Billie Haney

Salutes Mr. Haney

The usual platitudes of pleasant, kind, generous, and good natured are not applicable to our Mr. Haney (at least so he thinks). He is dedicated to respect, order, and discipline. In a generation, however, where turmoil and uncertainty seem rampant, his qualities stimulate direction in our lives.

We are grateful for Mr. Haney's years as our instructor and for this year as our principal at Wattsburg High School. This is our way of saying thank you.

FACULTY

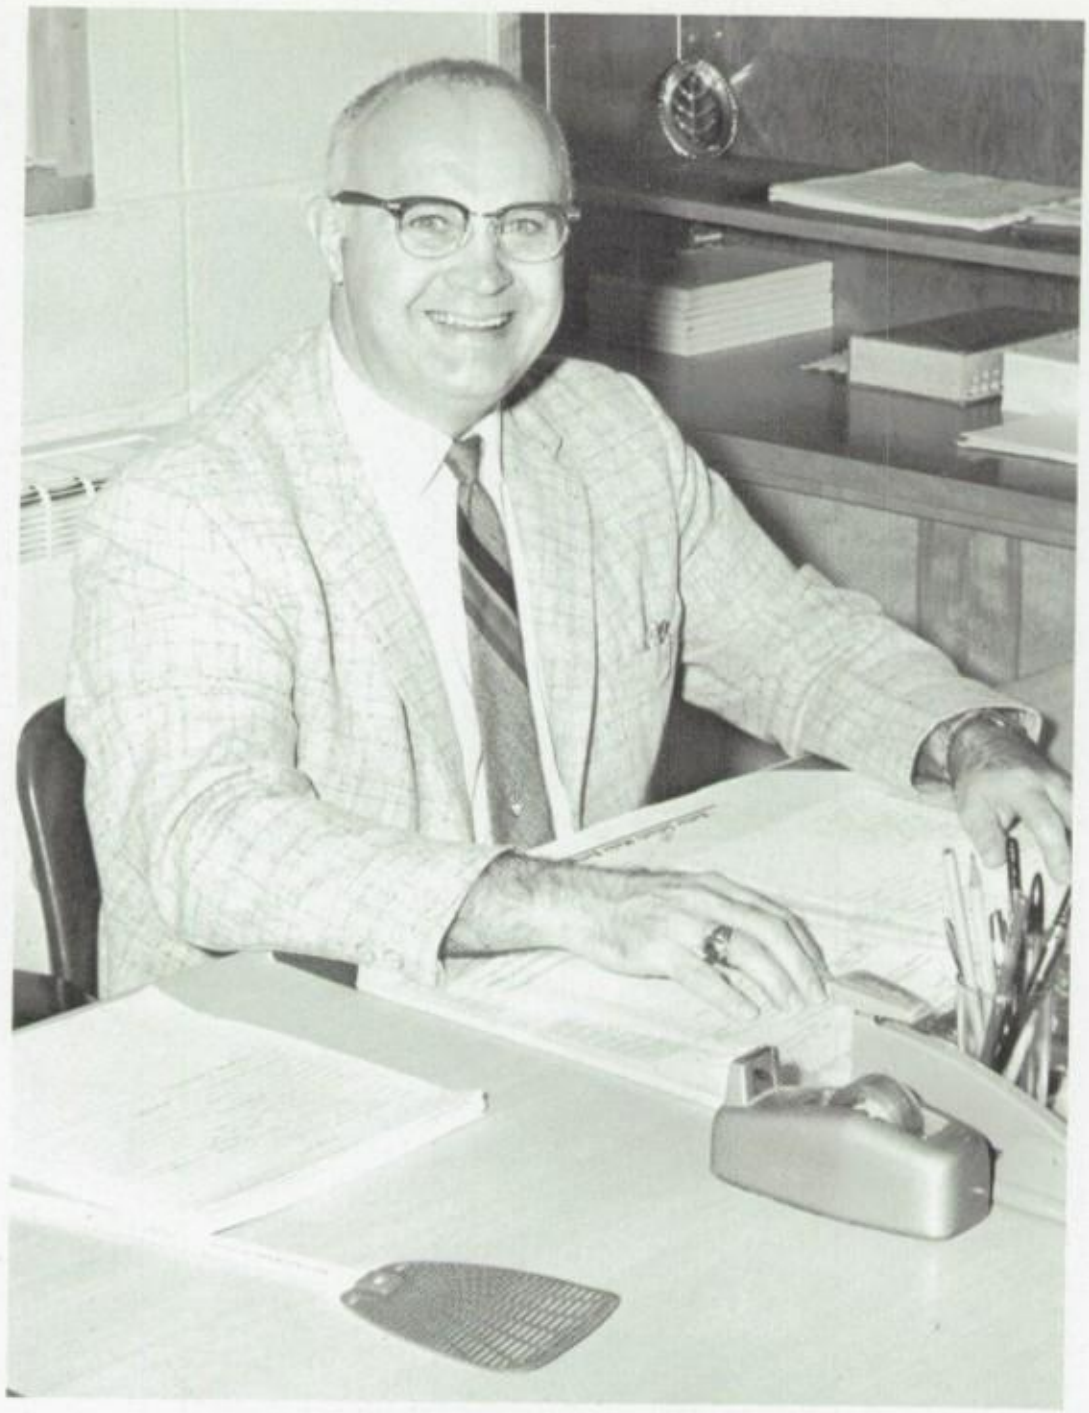
Dear Seniors,

It has been said that a little education is a dangerous thing and also that education breeds contempt in those who do not have the capacity to benefit by it. It does, however, increase our ability to enjoy things to a greater degree, to live more creatively and in greater harmony with those about us. As a result of your experience in the Wattsburg Area School System you should be better parents, neighbors and citizens. It is our sincere hope that your exposure to everyone associated with these schools has contributed something of great value which will help you to live a much more fruitful and satisfying life.

Sincerely,

R. E. Turley

R. E. Turly
Supervising Principal



Dear Graduates,

One phase of your life has come to an end. Another is about to begin. It is my fondest wish that your life ahead may be made richer and more satisfying because of the acquisition of good habits, your ability to denote yourself to duty, and the formation of lasting friendships which have come to you as a result of school associations.

You will realize as you grow older that your teachers were not doing things to you, but rather they were doing things for you, for they know of the many difficult tasks that lie ahead of you.

My best wishes for you and for success in whatever work you choose. The best advice that I can give is this - "Wherever you go, whatever you do be Ladies and be Gentlemen and go in the company of God for He is our greatest teacher."

Sincerely,

Billie D. Haney

SENIOR MEMORIES

A Peruvian heart beats inside my chest and with every beat it announces a message coming deep from my soul--a message of friendship and understanding enough in the name of my country for everyone of you here.

Being an AFSer in Wattsburg is really the best thing that could have happened to me and the most rewarding experience that we ever had.

I will always be very proud to have shared your lives for a year in such a nice school and I am sure I will never forget Wattsburg.

Eduardo Matta

Eduardo, our foreign exchange student from Peru, has been our most active AFSer. He has been involved in many activities as shown on these pages and throughout this book.

On the left Eduardo is shown with his proud American parents, the Andersons.

Track

Coach Carlin

One of the most underrated teams at Wattsburg Area High is the track team. These dedicated runners practice five days a week for nine weeks. The nineteen runners gain a great deal of experience, and they develop good mental attitudes of endurance, which is vital in distance running. Weekly meets keep the team working hard. Under the fine coaching of Mr. Carlin and Mr. Hulsinger, the boys learn to discipline themselves and their attitudes. Some of the boys have given outstanding performances in the past years, but the whole team shows a great deal of promise for the future. With more interest by the student body, we can have an outstanding team.

The Reading Club, sponsored by Mrs. Konnerth, attracts many students - even those who "don't" like reading much". But who wouldn't? The new ESEA funded reading lab with its tape recorders, earphones, learning stations, shadowscopes, controlled readers and the tachistoscope add a new dimension to reading. It's even sorta fun!
